Puerto Rico Address Data Working Group

Address Subcommittee Governance

Working Group Objectives

The objectives below were noted in the October 2018 Puerto Rico Address Data Workshop Minutes:

Promote agency collaboration, transparency, and strategic prioritization in the federal address collection and management process for Puerto Rico

Document use cases representing the various agency requirements for collecting and maintaining Puerto Rico address data

Align with the goals of the FGDC Address Theme and Subcommittee to contribute to the National Geospatial Data Infrastructure (NSDI)

Phase Two Objectives

PRADWG Phase One

PRADWG Phase Two

Step 1

- Identify the challenges facing federal agencies that manage Puerto Rico address data.

Step 2

- Create a comprehensive inventory of federal agency challenges through a Phase Two questionnaire.

Step 3:

- Document the collective challenges for federal agencies that manage Puerto Rico address data.

PRADWG Phase Three

Activity Report Example

Strategic Goal 1 – Ensure the Effective Development of the Address Theme Datasets.

Objective 1.1: Develop and maintain authoritative address data sets.

Anticipated Outcomes: The Address Theme will consist of authoritative address data. Tribal, state and local governments are typically the authoritative sources for address points representing residential and commercial structures. Federal programs are also potential sources for address related datasets.

Agencies, Bureaus, and Offices Involved: The Theme Leads and Dataset Managers.
